Newburger Demands Additional Sailings From Gulf Ports

Demand upon the United States shipping board to answer the crying need of the Gulf ports for additional sailings, especially from New Orleans to the South American ports, is being made in the most vigorous terms by the Memphis Chamber of Commerce, chairman of the foreign trade and merchant marine committee of the board. Joseph Newburger, chairman of the foreign trade and merchant marine committee of the board, said today that the shipping board has been asked to consider the necessity of steamship arrangements from our Gulf ports, and especially from New Orleans, for sailings to South America. We think the allotment of two steel steamers from New Orleans to Montevideo and Buenos Aires simple justice to the Mississippi valley. This whole country is very anxious for steamship connections between the Gulf ports and South America.

The cottonseed products and lumber exporters of Memphis are separately giving the shipping board abundant evidence that the shipping board should not neglect and give the Gulf ports the allotment of bottoms required. Southern export trade development is being virtually strangled under the prevailing situation. Mr. Newburger stated Wednesday morning that Mr. Hurley had promised four additional steamers to Gulf ports, which gives some hope of early relief.

CAPT. JOY LEAVES.

Capt. William McClellan Joy left Memphis Tuesday night for Washington where he will enter the Walter Reed hospital to undergo a second operation on his injured hand, which was badly crushed in a motor truck accident in France, shortly after the signing of the armistice. Capt. Joy was then en route to Coblenz, where he served with the army of occupation. Capt. Joy, who served on the border and won a lieutenant's commission at Port Ogehorpe, was commissioned captain while with the second ammunition train in France.

ALLAN WALTON DIES.

BLTHERVILLE, Ark., May 7. (Sp.)—Allan Walton, manager of the Walton Grocery company, for years head of the Arkansas Grocery company, of this city, and previous to his coming here in the wholesale grocery business in Jonesboro, died in this city last night after a long illness. He was one of the prominent business men of North-eastern Arkansas.

"Flora" and "Mickey" Now Leading in Race

An enthusiastic supporter of the name Flora as the proper appellation to be given the Overton Park Zoo's baby hippo, sent this name to the top of the list Wednesday by a very generous contribution to the Zoo fund. As the result Mickey, which was running as the strong favorite Tuesday, took second place. This is contrary to expectations, as the Irish name was given a boost Tuesday and seemed to rule as the general favorite.

Miss Victory is receiving considerable support from those who commemorate the year of the signing of peace by naming the hippo in memory thereof, and this name is running in third place. Zoola, Roberta Galloway, Dixie and Miss Tennessee Overton were among the names submitted Wednesday.

The names typical of the Nile seem to be among the favorites, and Salome came into the race with the Wednesday morning mail. With Cleopatra and Salome in the running, Mickey, Flora and Miss Victory in the lead, the contest for the name to be given the baby hippo at her christening ceremonies two weeks hence, is taking on added stimulus.

Let's hear from the Irish, who started the name Mickey, and from those who would call the baby hippo by a pet name from the land of the Nile or who would name her in honor of this memorable year of history.

Fill out the enclosed blank, with a dime for each vote cast, and mail to the Zoo Editor of The News-Scimitar. The money goes to the Zoo fund for the purchase of some new specimens not now included in the menagerie.

I am inclosing 10 cents and wish to have the Zoo's baby hippo named.....

A Spy Aboard Subchaser? No Only A Reporter

So careful is Uncle Sam in guarding the secrets of stalking the submarine that even the newspaper reporter stalking for news is an unwelcome visitor below decks, as was forcibly demonstrated just before the last visitor left sub chaser 114 Wednesday. Dealing to gain some close-ups of the listening devices and machinery below decks, Mr. Reporter thought he would slip below to get some views, perhaps some photographs he knew had been recently taken of the devices. Hardly had his foot touched the floor of the hold until he felt an exceedingly heavy hand on his shoulder and another further down, as he was hoisted to the deck by Ensign T. A. Lynch, who, with his 180 pounds of brawn, had little difficulty in handling the scribe.

NEW ENTERPRISE BUYS BIG SHARE OF BERRIES

For the next three weeks a new enterprise at Jackson, Tenn., expects to preserve one carload of strawberries per day, according to Thomas G. McClelland, division freight agent for the N. C. & St. L. railroad, who went to Jackson Wednesday to inspect the new plant and complete shipping arrangements for handling the berries and the product of the company.

The berries are to be put in sugar and shipped in barrels to Chicago by the Liquid Carbonic company, where they will be made into preserves and syrup for supplying the soda fountain trade. The berries in the vicinity of Jackson are just beginning to reach the market. The price in Jackson Tuesday was \$2.25 per crate.

TO BUILD COURTHOUSE.

BLTHERVILLE, Ark., May 7. (Sp.)—Judge G. E. Keck has ordered and appointed three commissioners to erect a new courthouse in Blttherville. The commissioners are Judge W. E. Williams, County Clerk Scarborough and Judge V. G. Holland, all of this city. The building will cost in the vicinity of \$200,000. Plans are to be drawn at once and the contract let as soon as possible with the idea of getting the building well under way this year.

Tri-State Butter Campaign Launched By The Farm Bureau

The introduction of butter manufactured in tri-state creameries into general use in Memphis is the object of an active campaign launched Wednesday by the Chamber of Commerce farm bureau. One of the important features of the campaign will consist of demonstrations to the housewives of Memphis to prove to them that Southern butter is as good as and better than the product which is brought in here from other sections. Miss Clara Hasslock, home demonstration agent, will give the first of these demonstrations Wednesday afternoon before the Gen. Porrett chapter U. D. C. Thursday she will give a second demonstration before the Guthrie Parent-Teacher association, at the Guthrie school, at 2 p. m., and will be assisted by W. L. Clevenger, dairy manufacturing specialist of the college of agriculture at Knoxville. A demonstration will be made Friday morning at the Woman's club at 10 o'clock, and at 8 o'clock in the evening a demonstration will be made to a large gathering at the Speedway Civic club. The demonstrations will be continued next week.

PERMITS ISSUED FOR THREE NEW RESIDENCES

Permits have been issued in the building inspector's office for three new residences, besides a dozen permits for extensive repairs and alterations. J. B. Holt will build a six-room brick bungalow to cost \$5,000 for M. J. Spivak at 1458 W. Waldron boulevard. E. B. Scott took out permits for two five-room brick residences, one to be built at 1117 Greenlaw avenue and one at 84 Faxon avenue. They will be built for J. H. Davis. Each will cost \$2,000.

WATCHMEN TO MEET.
